

# Atlanta, Georgia

## City Guide

### *“The Big A”*

Host of the 1996 Olympics, Atlanta is the capital of Georgia and a primary transportation center thanks in large part to Hartsfield-Jackson Atlanta International Airport- the world's busiest airport. The metro Atlanta region is home to more than 5.3 million people and nearly 150,000 businesses, multiple parks and green space, competitive schools and numerous amenities for entertainment, sports and restaurants that all offer a top-tier quality of life. From its diverse economy, global access, abundant talent and low costs of business and lifestyle, metro Atlanta is a great place to call "home." Have fun visiting the Georgia Aquarium, World of Coca-Cola, or take the kids for an educational tour of the Fernbank Museum of Natural History. Residents have easy access to arts, culture, sports and nightlife, and can experience all four seasons, with mild winters that rarely require a snow shovel.
