

Shreveport, Louisiana

City Guide

“A Great Place to Call Home”

While tourism and business travel to Shreveport are booming and dramatically rising, this city is one of the most desirable places in America to live and work. You will find the friendly and gracious charm of a small community while also finding cultured amenities of a modern urban life. Offering low cost of housing and living combined with the large number of jobs that pay relatively high salaries, many fun things to do, high quality medical care, fine restaurants, recreational opportunities and cultural events offered year round, Shreveport is one of the few metropolitan areas in the US offering a quality lifestyle at an affordable cost. The downtown Convention Center is flourishing with tradeshow, business meetings, conventions and special events. In addition, the natural beauty found on the romantic Red River offers more than 5,000 acres of landscaped parks, tranquil lakes and many miles of nature trails and jogging paths.
